www.northnorfolkstudios.co.uk

Please visit the website to see the full North Norfolk Studios map - via the QR Code
Maps of each area are also featured in the brochure

www.northnorfolkstudios.co.uk

The brochure lists all the artists taking part in North Norfolk Open Studios.

Artists are numbered 1-130 from the East of the county to the West of the county, so will not appear in numerical order.

All the artists in each **AREA** are listed from the lowest number to its highest. Below the section with all participating artists - there are **TRAILS** organised by the artists themselves, if an artist is in a trail that crosses an area border they will be highlighted and a page number shown where you can find the full trail listing.

There is a yes or no tick box on the website for artists to say if their studio is suitable for **wheelchair access**, with 130 artists to organise and list, we can not do subtle variations.

If there is a red wheelchair, contact the artists to see what hazards there are to negotiate. Some gravel may be possible, a flight of stairs without a lift, not so much - please ask - we do not want anyone missing out.

‘Spread a Little Happiness...’

It's so lovely to live and work in Norfolk, and so inspiring to the community of artists that have chosen the big blue skies, coastal views and undulating green hills of this beautiful county as their home.

In a world of trouble and strife with disconcerting news in the media daily it is so important to breathe, relax and enjoy the good things around us. And that includes art!

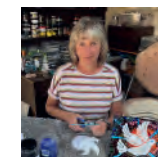

It is my pleasure to welcome you all again to our 5th North Norfolk Open Studios, this year with almost 130 participants. We have 40 new artists exhibiting this year and a huge range of talent on show. Do use the new ‘Listing of Artists by Main Medium’ and A-Z Index to help you plan your days out as well as our Area Maps and Art Trails.

Open Studios is an excellent opportunity to visit artists in their own work spaces, to engage in conversation about how they make their art and why they choose the subjects they do. A chance to see life from a different perspective and to explore the wonderful towns and villages of North Norfolk.

Like many others, artists are also struggling at the moment. Many exhibition opportunities and display spaces have been closed meaning that those who make and sell art as their prime source of income are finding life tougher. Please do support our Open Studios event and continue to encourage the endeavours of our artistic community – life would be far less rich for all in North Norfolk without our galleries and pop-up shops.

So, on behalf of all the volunteers who have worked tirelessly to bring this event about, a big thank you to you for picking up this brochure and showing interest! Please enjoy the Open Studios, talk with our artists and, if something appeals to you, ‘Spread a Little Happiness’ by making an artist's day with a purchase too! We all look forward to welcoming you to our studios soon,

Terrie Clift
